Advocate for a better working life. Together for a stronger economic, social, and legal position – and a better quality of life for everyone.

*Join now!*

PAM – Helsingin Kauppatyöntekijät – better known as PAM001 or Ykkönen – brings together thousands of retail and commerce workers in the capital region. Come join our amazing community!

We organize training and recreational events open to all members, as well as tailored programs for elected representatives. We also make a difference in society by submitting initiatives and public statements. You can follow our activities on our website and social media.

Our members elect the board every two years at the autumn meeting, where all members are warmly welcome.

The board decides on the activities of the union branch in line with the rules of the branch, PAM, and the Finnish Associations Act.

## **What does the union branch offer you?**

As a member, you are entitled to take part in training courses to strengthen and develop your professional skills, as well as a wide variety of recreational events throughout the year. You also get to enjoy the excellent member benefits of Ykkönen!

## **What would you like from your union branch?**

**New ideas are always welcome!**
